Summer Update

Lauren is still seeking a Recreation Leader, or two, for the summer. Lauren secured a swim coach for the swim team, and all the other positions for the summer seemed to be filled well enough for the summer.

Grant Update

Lauren submitted both proposals for the Stanford EcoExplorers program and the Teen Fitness Foundation program, and we will find out in July if we had been granted the funds. The outlets in the Senior Room had been updated and installed in the floor so the kids cooking program can run the hot plates without tripping the circuit. \$3000 from the Kids Cooking grant to cover the electric costs.

Roxanne motioned to approve the March 11, 2026 meeting minutes. Lorelei seconded. All in favor, Jess, Ginny, Lorelei, Charlotte, Roxanne. Motion carried.

May 13 is the next meeting.

Meeting adjourned at 8:02 PM
