

## Recreation Commission Meeting

November 10, 2021

At Town Hall

Present: Lauren Osterman, Michael Denatale, Richard Bell (via phone call), Teddy Secor, Jess Odell  
Wendy Burton, Town Supervisor

Absent: Mary Weinberger, Antonio Igentio

Meeting begins at 6:05 pm

### Haunted Fortress:

Wendy Burton presented. Wendy said that she would like to set up a Haunted Fortress sub-committee that would ideally meet once a month to keep the progress of the project moving forward. She had mentioned that Esther is interested in taking charge of the costumes, and there are other people willing to be part of the committee. She is looking for a well-balanced team, that would hopefully contain handymen and other essential skill workers.

### Tennis Courts:

Lauren confirmed that the Town had been granted the \$125,000 grant from Didi Barrett's office for the repair of the tennis courts. Lauren also mentioned that Taconic Little League applied for the Play, Create, Grow grant, but had not received funding at this time.

### Capital Improvement Project:

Richard provided an update and said that the design committee is vetting landscape architects for the master plan. They have three proposals submitted so far. Once the Capital Improvement committee has selected and reviewed the master plan, they will submit the proposal to the Rec Commission to review.

### Soccer program:

Lauren reported that the soccer program had been completed. She would like to reach out to the Pine Plains for the next season to see if we can combine to increase the enrollment of the program.

### Activity Series for adults:

Lauren mentioned that she would like to begin the process for developing a series of events for young parents/adults. Ideas had been floated around for a trivia night, clothing swap, recipe exchange, murder mystery night. The program needs a label and dates secured. Teddy would like to revisit the art show project as well.

The meeting is adjourned at 6:31 pm.
